CHRONOSCORE

Foundations

A quiet, high-contrast surface so every seat's color and score read from across the table. Dark is the default; light mirrors it.

Controls

Every target is at least 44 px. Press and hold on any ± zone repeats, accelerating after one second.

CENTER HUB

Undo dims when the log is empty. Tap it to try: 3 left.

SEAT HEADER

MARA

Header buttons grow from 36 to 44 px to meet the touch minimum.

Seat viewport

Left half subtracts, right half adds. A running delta beside the name shows the change since the last pause, then folds into the match log.

DEFAULT
Tap a half to count. Hold to repeat.

HIGHLIGHTED
Picked by First player: 4 px accent ring and tag.

FLIPPED
Faces the far side of the table. Rotate toggles it.

Dialogs

One frame for all: 10 px radius, 1 px outline, uppercase title, 44 px close. Opened from a flipped seat, the whole dialog turns 180° to face that player.
